Owner's Commitment

Create a vibrant neighborhood for our residents and the community. Use smart design and planning to reduce Parkmerced and San Francisco's impact on the environment. Provide all current residents' rent controlled apartments for as long as they choose to live at Parkmerced. Make Parkmerced an international model of 21st century urban sustainability.

Join us April 2nd and 8th for
two public workshops.

Thanks to all of you who attended our
February workshops and shared your
thoughts and ideas on our long-range
plans. Join us in April to learn how the
input you provided has helped us refine
and further shape our long-range plans.

Your Thoughts Count!

We received some great input at our
February workshops and we will
continue to consider and address your
suggestions as we refine our vision for
the future.
